Headteacher: Mr. M Thompson

Chair of Governors: Rev. S Fletcher

PiXL App Logins

Dear Parents and Carers,

As a school, we use a scheme called PiXL which your children will be fully aware of. PiXL enables children to achieve their best possible outcomes at the end of KS1 and KS2. With their resources, assessment tools and much more, PiXL allows teachers to teach carefully to individual needs.

One resource we use in school are their apps. They have two separate apps to use: '**PiXL Unlock App**' which develops children's vocabulary and '**PiXL Times Tables**' which helps children practise their times tables.

These apps are going to be extremely useful at home over the next coming weeks to continue your child's education at home. Your child will have their individual logins for these apps. Please speak with their class teacher as soon as possible if you are having any problems.

Thank you for your continued support.

Miss Smail ☺
