

**Brentnall Community Primary School**  
**Project Homework- Year 1**

Friday 28<sup>th</sup> January 2022

Thank you to everyone that completed their project homework last term, the entries were fantastic! Year 1 were so excited to share their projects and we are very grateful for your support at home.

In Science, Year 1 have been learning all about Ourselves and Animals. Please choose one of the following projects to complete at home and bring back into school on **Friday 11<sup>th</sup> February** to share in class. If you have any photos to share, please send them to the class email account [koalas@brentnallschool.uk](mailto:koalas@brentnallschool.uk) and we can display them on the board.

Draw your favourite animal or make it using junk modelling and label parts of the body.

Draw yourself or an animal and label some parts of the body.

Play Simon says and name different parts of the body. Sing head, shoulders knees and toes. Move using different parts of the body and say which parts you are using.

**Explore your 5 senses.**

Play a game using your senses eg tasting some foods blindfolded and guess what they are or give a member of your family directions to follow whilst they are blindfolded.

**Ourselves and animals.**

Research on the internet facts about a favourite animal and find out which animal group they belong to. Mammals, birds, reptiles, Amphibians or fish. Draw/paint the animal.

Draw an animal from each of the following groups. Omnivore, Herbivore and Carnivore.
