

Brentnall Community Primary School  
**Project Homework- Nursery**

Wednesday 27<sup>th</sup> April 2022

Thank you to everyone that completed their project homework all about books and reading in the Autumn term. The photos that were emailed in were great! The children were so excited to share what they do at home and we are very grateful for your support.

In Nursery we enjoy Maths activities every day. We would like you to choose at least one of the following activities to complete at home. Please send photos of your child completing an activity, into the Early Years email account by **Thursday 26<sup>th</sup> May** to share in class: [brentnall.earlyyears@salford.gov.uk](mailto:brentnall.earlyyears@salford.gov.uk)

Go on a number hunt! What numbers can you see around your house or on your way to school?

In a shallow tray or plate of flour or sand, use your finger to write a numeral from 0 to 10.

Go on a shape hunt around your house. See if you can find circles, squares, rectangles or triangles.

## Maths

Use building bricks to measure some of your toys. How many bricks high are they? Can you make a tower of 10 bricks? How tall can you make a tower before it falls over? Count each brick as you add it on.

Practise counting out objects, such as buttons, toys or sticks collected on a walk. Encourage your child to point to each object as they say the number name.

Measure ingredients and bake something yummy together and set the timer for it to cook.
